Building Demolition Now Bay IAP Project

There are a number of buildings within the City limits of Bay St. Louis both residential and commercial structures which are partially demolished and are being demolished entirely. It is probable that the demolition of these buildings will be completed by the end of the year. No doubt, owners of these structures would like to see them demolished and the hauling of debris.

Under the Bay St. Louis Assistance program now in effect, this can be accomplished without cost to the owner.

Explanation of details to demolish such demolition will be given by the IAP Headquarters in Bay St. Louis, or by calling 467-5426. Property owners are urged to do this at once so that action may be taken to remove these structures from the landscape of the city. Demolition of such structures is being given priority action by the Informal Assistance Program at this time.

The primary purpose of the Informal Assistance Grant Program, recently established in Bay St. Louis, is to assist property owners in the demolition of structures in order to eliminate blighted areas which are planned for urban renewal in the near future but in which come immediate public action is needed until permanent action can be undertaken.

So that the IAP may outline a plan of action to demolish such structures within the Bay St. Louis Corporate Limits, owners are requested to contact the IAP and make known to them their desire to have such structures demolished and give their voluntary consent to do so. Remember that demolition of structures and clearance of debris thereby created will be accomplished by the IAP at no cost to the property owner.

E. Manpower Reduction Scheduled For Bay - MTF

Approximately 300 men, women and children living in an area roughly bounded by the intersection of Highway 90 and Highway 1, are being evacuated from their homes. This area is being evacuated because of the danger of a possible explosion of the chemical storage tanks at the MTF facility and at the St. Louis, Miss. location. Management and Technical Services of General Electric (MTS) of General Electric Co. has ordered the evacuation of approximately 120 people. Bill Harde, manager of employee relations for the Department, stated that the evacuation will begin March 18 and will be completed within the next month.

"The evacuation," he said, "will affect only the two locations equally in numerical terms, but, practically speaking, represents about a reduction of the total facility and a whopping 25% reduction in Bay St. Louis."

"This reduction in jobs and employees is required," said John R. Picard, GE-MTS general manager, "because of the decrease in operational support requirements at the Mississippi Test Facility and the adverse impact of the national economic situation on the Department's overall business base."

"It is with reluctance and deep concern that we have taken this action," Picard said, "but the other side of the coin is that we are bringing more jobs to this area than we have lost. It is likely that another cut will be required this summer if additional work is not obtained. We have had an intensive diversification program going for some time now—and we must with some success—because we are not quite out of the woods."

In meetings Tuesday with the Department's 1,170 employees, Picard said an intensive and continuing effort will be made to assist each affected person in every way, including possible relocation to other operations of General Electric. He said placement efforts with local industry and with the Mississippi and Louisiana state employment agencies have already begun.

Damaged Church To Resume Services

Restored after extensive hurricane damage, the Claret-Harbor United Methodist Church will resume worship services Easter Sunday at 11:10 a.m., it was announced by the Rev. Harold H. Eyster, minister.

Force of Hurricane Camillo carried the sanctuary about 50 feet and deposited it across a paved street. The educational plant was wrecked and the church was damaged. With an outpouring of aid from United Methodist Churches across the nation and other available funds, the structures were rehabilitated and improved following their repositioning through the Corps of Engineers.

The church has been repaired, wall-to-wall carpeting installed and new pews provided. In addition to a new organ, a new system of electric and telephone lighting has been installed into the dome.

Control heating and air conditioning system both the sanctuary and the church school, which structures are connected by a breezeway, the latter building has new tiled floors and ceiling, a new roof, a modern observation kitchen with built-in cabinets, and a utility room. Men's and women's restrooms, as well as a new rest room, are also being added.

Stolen Equipment Returned To City

State Visual Equipment valued at \$700 and missing from Bay St. Louis City Hall was recently located in a Miami shop and returned to Mayor Warren Carver by Chief of Police Robert Goodsell.

Mr. Carver, an alert police representative of the firm Jacksonville, Fla., had been contacted by a man who claimed to have the equipment. The man had been contacted by a man who claimed to have the equipment. The man had been contacted by a man who claimed to have the equipment.

Supervisors Agree To Help Shoreline Road Maintenance

City Cash Deposits Increase This Year

The City of Bay St. Louis, through the courtesy of its Mayor and City Council, released for information of the supervisors a breakdown of cash balances under five classifications, according to City Hall sources.

General or Operating Funds: Total balances in these funds under this classification amounted to \$101,839.38. These funds are used for street maintenance, drainage work, garbage and trash pick-up, police and fire protection, clerical and other operating costs.

Special or Non-Operating Funds: Seven funds fall into this classification and their balances amounted to \$181,363.87. These funds are earmarked for specific purposes and are, therefore, deposited to special accounts. The "WE CARE" money amounting to \$135,691.10, is included in this category.

Construction Funds: These funds, amounting to \$284,793.44, are for construction projects in process of completion. The principal fund in this group is the current Street Improvement Program with a balance of \$241,648.40.

Bond and Interest Sinking Funds: Total cash to the credit of these funds was \$93,382.15 at the close of January. The use of this money is limited to payment of bond maturities and interest on bonded indebtedness.

Utilities Funds: A total of \$84,752.43 was on deposit to the various funds relating to the utilities system. Largest of the five funds involved is the Utilities System Reserve Fund amounting to \$44,687.09. Second largest is the Motor Deposit Fund with a \$39,111.06 balance. This is an escrow account and represents deposits by consumers on water and gas meters. Other funds under this category are utility operation and maintenance funds.

Developers of Shoreline properties, together with their attorneys, met Monday before the Hancock County Board of Supervisors in order to settle various complaints about who was responsible for road maintenance at Shoreline.

The law firm of Cox, Gex, and Phillips firmly brought authoritative information before the board, to help clarify a misunderstanding as to what part of the subdivision was the responsibility of the county supervisors to maintain.

Those present from the law firm were Lucien Gex Sr., Gerald Gex, Joe Gex, and Walter James Phillips. Gerald Gex acted as spokesman for the group in presenting to the supervisors the position that Shoreline developers took.

An affidavit was presented to the board clearly showing where a former board president R. G. Hubbard, Jr. had made commitments with the Shoreline Developers. The entire sworn statement from Hubbard reads as follows:

I, R. G. HUBBARD, JR., do state on oath that in the year 1959, I went to Shoreline Park with C. E. Glindmeyer, Walter J. Phillips and E. M. Brignac and advised them on what had to be done on the roads in Shoreline Park. At that time there were no requirements for roads so I requested that they place 4" of clay gravel on surface of roads. This was done and accepted by me prior to 1969.

Thereafter, I made personal inspections with Mr. Glindmeyer on the roads and drainage in the area and same were accepted by me.

At the meeting in 1969 Mr. Glindmeyer offered to place in escrow the sum and amount of \$5,000.00, which money was to be used by the County to install proper drainage provided C. E. Glindmeyer would not perform this work. However, all work was done in compliance with our agreement and it was not necessary to use any of the \$5,000.00 held in escrow.

At my request the bridges at Central Avenue and Lagoon Street were rebuilt by Mr. Glindmeyer under my supervision and same were accepted for County maintenance. I also made repairs to bridges in Shoreline Park as Supervisor of Beat 48.

On occasion I requested Mr. Glindmeyer to place culverts at various intersections in Shoreline Park and upon request made by me, Mr. Glindmeyer installed these culverts.

There was also an agreement made with the developers of Shoreline Park that the Kiln-Waveland Cutoff Road, being the road which runs adjacent to the Shoreline Park office, would be widened and that Shoreline Park would grant, and did grant, to the County the necessary easement to widen said road and it was further agreed that if the developer would install the proper clay-gravel base the County would asphalt same, but I did not do it at this time because the State was using the road to the dirt pits for fill on Highway 90 so it was useless to do so because of the damage done by the trucks. It was my intention to asphalt same as soon as the dirt trucks ceased to use the road. I might add that I had \$20,000.00 set aside for use in double surface treatment of the Kiln-Waveland Cutoff Road. This road was properly constructed under the supervision of Mr. Thigpen, who at my request took borings on said road. Same was completed by Shoreline Park in a satisfactory manner.

From 1952 until January 1, 1968, I kept constant supervision on the roads, bridges and drainage system in Shoreline Park, and same were accepted by me for County maintenance. Homeowners have been coming before the board at previous meetings registering complaints as to lack of maintenance work in the subdivision since Hurricane Camillo, by either the developer or the county.

Brignac denied responsibility for most of the area, claiming the firm had purchased only the mortgages on lots in the area thru him, subdividing only the latter to himself.

C. E. Glindmeyer, representative of Shoreline Developers stated that his firm had tried as much as possible to maintain the roads as for drainage, mud conditions, and bridges, but additional relief is needed by county.

At the end of the meeting it was agreed by the board to have county engineer Don Murray meet with the developers to work out a means of alleviating the problems in the subdivision.

In other business, the board awarded a contract for repairs and construction to the Andy Community Center and took bids under advertisement for similar work to the First Top Community Center.

Two contractors submitted bids for work on the two centers, James Travira of Bay St. Louis was successful bidder for the Andy project at \$7,800. The other bidder was Bruce Construction Co. of Bay St. Louis at \$9,000.

Bids submitted for the First Top center, as well as the alterations No. 1, further enlargements of the building, were as follows: Bruce, \$3,807 for the building and \$1,415 for the alterations; Travira, \$3,348 and \$1,000.

The board also agreed to take a 900 advertisement in the Christian Typographical Day School Spring Festival program.

County School Board Names Teaching Staff

During the recess meeting of the Hancock County School Board, Thursday afternoon, March 19, at which all members were present, three principals and forty-six teachers were named for the 1970-1971 school year at the county schools.

Exemption Deadline

"Wednesday, April 1, is the deadline, said Hancock County Assessor George E. Heitzmann, for filing Homestead Exemptions. As of Monday morning there were approximately 400 persons who have failed to file.

"Those people who lost their homes in the hurricane, continued the assessor are reminded that they are still eligible to file for Homestead Exemption and can take advantage of reduced taxes on the new vacant land. Persons who have built new homes should present deeds and motor vehicle license numbers when filing."

Waveland Operation Upturn Is Underway

Operation Upturn Waveland, opened its doors in Town Hall Tuesday, March 17 and by Friday, the staff had interviewed 24 residents, initiated 18 applications and the last application was made for a permit to operate the operation.

Operation Upturn is the emergency "help and aid" fulfillment of the many promises of help that were made to Gulf Coast residents following Hurricane Camillo.

Now the effort is upon - and the Waveland rehabilitation program is officially underway. Although the operation is now, in concept, at least, the program administrator and staff are not. Hubert J. Hughes, Project Administrator for the Waveland operation, has had several years experience in similar community programs.

He has gathered a staff of local residents, each of whom is experienced in his particular field within the program. Staff appointments include: Adoroo Shortle, Community Organizer and Relocation Officer; Katharine Mollora, Financial Advisor; Samuel Blanchard, Chief Building Inspector; William Caldwell, Electrical Inspector; Robert Lucas, Electrician; Joyce Jacobs, Bookkeeper; Linda Ray, Secretary; Louisa Dawson, Clerk-Typist; Ruth Loyce, Curator.

"As well as interviewing applicants in the office," Hughes stated, "representatives of the Waveland operation are available for meetings with church, school and club groups outside of the office."

Persons interested in Operation Upturn may call or write for properly rehabilitated homes in Waveland. Town Hall, Office hours are Monday through Friday, 9 to 3 p.m. For further information, call 427-0281.

Miss Givens Announces Plans

Mr. and Mrs. Robert Givens announce the engagement of their daughter, Pamela Alice, to Edwin Kemper Clark, III, son of Mr. and Mrs. Edwin Kemper Clark, Jr. of Pass Christian.

The wedding will be solemnized, Saturday, April 11, with a Nuptial Mass at Our Lady of the Gulf Church.

Miss Givens is a graduate of Bay Senior High and Phillips Bugman College. She is presently employed by The Sea Coast Echo.

Mr. Clark attended Jefferson Davis Junior College and is presently employed by the Sallie Construction Company in Pass Christian.

MISS PAMELA GIVENS

PHYLLIS SAUER

Phyllis Sauer

To Wed In May

Mr. and Mrs. Laurence A. Sauer, Jr., announce the engagement of their daughter, Miss Phyllis Eileen Sauer, to Mr. Harold John Stevens, son of Mr. and Mrs. Fred Harold Stevens, of Metairie, Louisiana.

The marriage will be solemnized May 1 at 8:30 o'clock in the afternoon at Nuptial Mass at St. Angela Merici Church in Metairie, Louisiana. Following the ceremony, Mr. and Mrs. Sauer will entertain at a reception at a downtown center.

Miss Sauer, whose mother is the former Miss Gertrude Jorns, of New Orleans, Louisiana, and Waveland, Mississippi, was graduated from St. Joseph Academy in Bay St. Louis, Mississippi, after which she attended Southern Baptist Hospital School of Nursing, and Tulane University. The prospective bride's grandparents are Mrs. Henry Jorns and the late Mr. Jorns, and Mrs. Laurence A. Sauer, Sr. and the late Mr. Sauer, all of New Orleans, Louisiana.

Mr. Stevens, an alumnus of McDonough High School, is presently attending Loyola University in New Orleans. The prospective bridegroom's mother, the former Miss Elise Posada, is a daughter of Mrs. John Posada and the late Mr. Posada. Paternal grandparents are the late Mr. and Mrs. Wm. Lee Stevens.

MEETING POSTPONED

Our Lady of the Gulf Parish Council meeting has been postponed to April 2 because the regular meeting date falls on Holy Thursday.

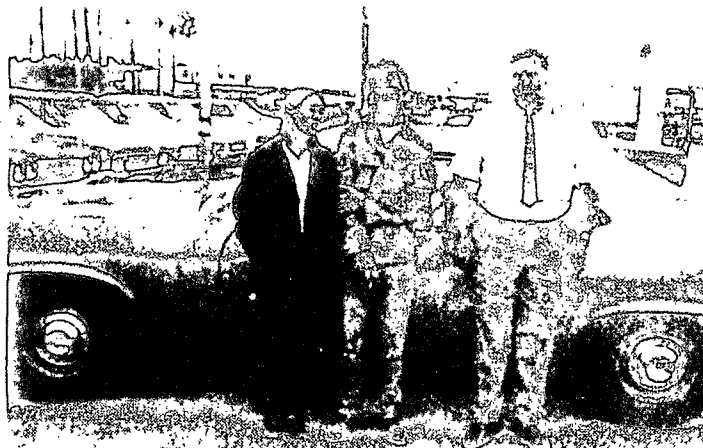

VALLON SEUZENEAU

Local Girl Graduate Of Stewardess School

Vallon Seuzeneau, daughter of Mr. and Mrs. George L. Seuzeneau, Jr., Bay St. Louis, graduated March 3, 1970, from United Air Lines' Mainliner Stewardess training program. She is a former student of St. Joseph's Academy here, and the University of Mississippi at Oxford, where she was a member of the Kappa Kappa Gamma sorority.

Graduating exercises were held at United executive headquarters in Chicago, and included approximately 50 graduates. Mr. and Mrs. Seuzeneau flew to attend the ceremonies, and participated with other parents in placing the stewardess cap on their daughter's head.

Shortly after graduation, Miss Seuzeneau made her first flight from Chicago to Miami.

MR. AND MRS. WILLIAM BAUDOUIN ACCEPT DELIVERY OF THEIR NEW 1970 CHEVY NOVA II FROM CHARLES TOWNSEND OF LAMAR-LANE CHEVROLET.

Mr. and Mrs. William Baudoin of Bay St. Louis were in need of a new car and they had been reading about all of the good deals folks have been getting at Lamar-Lane Chevrolet. They visited Lamar-Lane Chevrolet and talked it over with salesman Charles Townsend and he gave them a Lamar-Lane price on a 1970 Chevy Nova II that was to their liking and they drove it home. The Baudouins know that the service department at Lamar-Lane is one of the best in this area if they ever need it and that all of their personnel are factory trained. Looking for a place to buy your next car? Visit Lamar-Lane Chevrolet and ask for Charles Townsend, he could save you many dollars, would be a nice Easter present. LAMAR-LANE CHEVROLET, INC. (A Gerry Lane Enterprise) MR. AND MRS. WILLIAM BAUDOUIN Bay St. Louis, Miss. Adv.

Deputy Arrests Man Impersonating Officer

The past week has been a busy one for the Hancock County Sheriff's Department in the apprehension of law violators. Starting with a complaint from Shoreline Park Investigator Deputy Sheriff Alton Lumpkin who arrested Charles Wingo charging him with impersonating an officer, assault and battery and having a dangerous weapon.

In the court of Judge Nellus Rhodon, Wingo was fined \$100.00 for impersonating an officer, fined \$100.00 on the assault and battery charge and on the assault and battery charge he was fined \$100.00 and given ten days in jail.

Henry A. Lamama, Barney Leigh, McSherry, Raymond Preston, Dennis Ardell Smith, Gordon T. Mire and Herbert T. Swanson were taken into custody and charged with alleged robbery. Their two female companions, Mary Jane Montgomery and Spella Martinez were also taken into custody. They were charged with possession of a dangerous weapon.

MR. D.V. MORAN OF PASS CHRISTIAN IS VERY HAPPY WITH HIS NEW CHEVY PICKUP JUST PURCHASED FROM HIS LONGTIME FRIEND FRITZ PERANCH AT LAMAR-LANE CHEVROLET.

Mr. D.V. Moran of Pass Christian decided that he would like to buy a new Chevy pickup. He had been hearing and reading about all the good deals given folks at Lamar-Lane Chevrolet. So he went to see his life long friend Fritz Peranch at Lamar-Lane Chevrolet. Fritz gave Mr. Moran a very good deal on his new Chevy pickup and he is very happy because Fritz gave him a Lamar-Lane price that was a very good deal. Fritz Peranch has been selling Chevrolets for many years in Bay St. Louis and many of his customers have bought many cars from him and they go to see him at Lamar-Lane Chevrolet. If you're thinking about buying a new car or truck visit Lamar-Lane Chevrolet and ask for Fritz Peranch, he could save you many dollars in a day.

After two days' surveillance by officers, the case was reported by Marshal Fred Baur, deputy sheriff, to Deputy Sheriff Alton Lumpkin who was on duty at the time. The case was reported to the Sheriff's Department by the mother of one of the men arrested.

It is alleged that the men took two transients from Highway 80 to Highway 60 where they robbed them taking everything they had except a car and left them. The two men were discovered by Deputy Sheriff Richard Tarver who was on duty at the time. The case was reported to the Sheriff's Department by the mother of one of the men arrested.

The group of alleged robbers is now lodged in the Hancock County jail awaiting arraignment.

tells how they attain their yields under a variety of conditions. "Now The New Tax Law Affects you," explains steps farmers can take to help their financial income tax situation. In his regular monthly article, President Charles B. Shuman discusses inflation and how it is detrimental to our society in a myriad of ways. Noting that Congress has done little except increase government spending, Shuman calls for a "bess-economy" at the election this year to bring into office men who are willing to keep expenditures in line with income. "Voters should study carefully the voting record of their members of Congress and leave the big spenders at home," Shuman concludes.

Father Noone Farewell Party

Rev. John Noone, former assistant pastor Our Lady of the Gulf Parish, was honored at a farewell party Sunday night in OLO School cafeteria.

Rev. Gregory Johnson, pastor, served as master of ceremonies. Father Noone was in charge of the entertainment. Father Noone, who was presented a gift from the Parish, responded by thanking all and extending an invitation to visit with him when in Jackson.

Entertainment consisted of recitation by Paul Schama of an editorial, "Mooting The Challenge," which appeared in a recent issue of the Daily Herald; a comedy monologue by Peter Selama and a monologue, "Hattie Carpenter's 'A Grain of Mustard Seed,'" by Colleen Murphy, all participants in Our Lady of the Gulf Parish League.

Mary Ellen Murphy and Kathleen Blaise rendered a medley of songs from "Funny Girl" and Tom Flynn, David Wiggins and Joe Bonaventura presented a comedy skit.

Monks of St. John, Law, presented a skit and Joe Bonaventura, assisted by room mothers, served refreshments.

Approximately 300 Parishioners and friends of Father Noone attended.

Rev. Noone, left Tuesday for his new assignment as Assistant Director of Catholic Charities, Jackson. He expressed thanks to everyone in the community for the kind words and good wishes extended him on his departure.

BAYOU CADDY's 'uppor roachos' are detailed by J. C. MR. OTIS MITCHELL OF PEARLINGTON, MISS., ACCEPTS DELIVERY OF HIS NEWEST HEAVY DUTY CHEVY DUMP TRUCK FROM J.C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS, MISS.

Mr. Otis Mitchell of Pearlington, hauling contractor was in need of a new truck for his part in helping rebuild the Gulf Coast. He visited Lamar-Lane Chevrolet and talked to the truck expert J.C. Koenen. Having been in the hauling business all of his life in Hancock County Mr. Mitchell knew that the salesman to talk to would be J.C. Koenen, as he himself had experience in the hauling business and really knows trucks. J.C. gave Mr. Mitchell a Lamar-Lane price on a Chevy heavy duty dump truck that was a money saver and just the equipment he needed for his trucking business. People with all types of trucking needs visit J.C. Koenen every week at Lamar-Lane Chevrolet for they know that he will offer them just the equipment they need for their job. If you're in the trucking business and need new equipment visit Lamar-Lane Chevrolet and talk to the truck expert, J.C. Koenen, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. AN APPEAL TO: EVERY CITIZEN OF OUR COMMUNITY

The United States Government working through its Army Corps of Engineers has begun a final massive clean up of fallen trees, stumps, trash and debris from private property resulting from the hurricane of August 17, 1969.

Probably because of the destruction caused by this disastrous hurricane and the lack of more centrally located dumping areas some of the people of our Community have become negligent in their attitude towards the appearance of their premises. Trash and litter is to be found everywhere.

Many of our citizens have seemingly lost all sense of pride. Public streets and vacant lots have become dumping grounds for paper, cans, trash and other various kinds of refuse. After the Federal Government has spent hundreds of thousands of dollars of the tax payers money clearing the Community of the hurricane produced debris, the appearance of our area will not have been entirely improved unless each and every citizen becomes interested in living in clean and attractive surroundings.

The public officials of Bay St. Louis are attempting to do everything possible to implement the Government's "Clean Up" Program. We invite you to join us. Therefore we most sincerely urge every citizen, man, woman and child; employer and employee; retired person, high school or grammar school student; religious, fraternal or civic organization, to become more conscious of the appearance of our Community.

Now is the opportune time to restore pride and achieve the type of Community we can all be proud. Let each of us share this common burden and work hand in hand towards gaining a rewarding goal—a clean and attractive City in which we are proud to live.

MR. WAYMAN M. CARR JR. OF WAVELAND ACCEPTS DELIVERY OF HIS CHEVROLET SUPER SPORT 363 FROM J.C. KOEHNERT, SALESMAN AT LAMAR-LANE CHEVROLET.

Mr. Wayman Carr, now a resident of Waveland and former neighbor of Lamar-Lane Chevrolet wanted to purchase a real nice sports car. He visited the most popular salesman at Lamar-Lane, J.C. Koehnert, J. C. gave Mr. Carr a Lamar-Lane price on a Chevrolet Super Sport 363 that he just couldn't turn down. Whenever the new cars would arrive at Lamar-Lane Mr. Carr would look them over and he had decided that the one for him would be a 1970 Chevrolet 363, and now he is in the proud owner of one. Mr. Carr knows that the service department at Lamar-Lane is one of the best in this area and that all of the service personnel are factory trained and capable in their fields. If you're looking for a real cheap sports car, visit Lamar-Lane Chevrolet and not for J. C. Koehnert, he could save you many dollars.

MR. AND MRS. LOUIS PETERSON WITH NEW MALIBU SPORTS COUPE BOUGHT THROUGH HERB BARON AT LAMAR-LANE CHEVROLET.

Mr. and Mrs. Louis Peterson of Bay St. Louis were in need of a new car. Many of their friends have told them about the excellent deals at Lamar-Lane Chevrolet. Mr. and Mrs. Peterson have known Herb Baron for some time, so they decided to go to him for the transaction. The Petersons liked very much the Lamar-Lane price given them on a 1970 Malibu Sports Coupe by Herb Baron. They are really proud of their new Malibu and will tell everyone how efficiently Herb Baron took care of them at Lamar-Lane Chevrolet. Thinking about buying a new car, visit Lamar-Lane Chevrolet and courteous Herb Baron, he could save you many dollars.

Bay-Waveland Junior Auxiliary Celebrates 1st Year Of Charter

By Joe Pilet

Members of the Bay-Waveland Chapter of the National Association of Junior Auxiliaries will celebrate in 1970 their first year as a full-fledged nationally chartered chapter, according to Mrs. Travis Hensley, president of that organization.

Mrs. Hensley explained in a recent interview this group is composed of women between the ages of 21-45 who have banded together for the purpose of community betterment. During April this group, now twenty-two members strong, plans to visit the aged with books in large print, records and movies. The project is in cooperation with "Friends of the City-County Public Library. Among sponsors for The Junior Auxiliary are Mmes. Sam Whitfield, Adeline Samuel, Elsie Leaven and Lucien Gex.

WORK FOR HEART FUND
Approximately \$700 was raised by this organization during the recent Heart Fund Drive, Tea, Queen of Hearts Contest and witty "Tell It Like It Is" program.

SET HIGH GOAL

Prior to Hurricane Camille the membership numbered 28 and the Bay-Waveland Junior Auxiliary set for themselves high goals of worthy projects including a Summer Funhouse, scheduled for July, 1969 and designed to cover six weeks of free courses in self-improvement, charcoal art, arts and crafts, little theater and story hour. Over 250 children benefited through this project which concluded in the Webb Center with an Open House for Parents featuring a style show, drama, and art display.

CAMILLE GETS PRIORITY

The next project, scheduled to begin August 20, and called "Amblyopia" (lazy eye test), as well as the Ear and Eye test designed to uncover problems existing with some school children, also the September project for the Mentally Retarded children and plans to aid in activities such as sewing, gardening, dancing, physical education, music, stories and field trips -- not to mention the dream of a drop-up luncheon at Annie's Restaurant. The charity ball, a film for children, and the Dixy Bag project for Vietnam -- all were postponed or abandoned when Hurricane Camille took a toll on drastic destruction of the single exception all auxiliary members had feared damage or complete destruction of their homes.

SISTER CHAPTERS AID

Planned projects were replaced with more urgent demands to serve a very real and urgent human need. The National Association came to the immediate aid of the Bay-Waveland new and hard-hit chapter. Miss Martha Wiles, executive secretary in Warren, Arkansas started an "Reconstruction Fund" in which the 80 chapters made great contributions. Approximately 75 needy children in the community were

available from any member of the Junior Auxiliary and for only five dollars per couple. The Bay-Waveland Youth Club will open its doors and fine accommodations for the group. Who are Bay-Waveland Junior Auxiliary members? Get your tickets from Mmes. Howard Adams, M. L. Agnew, R. J. Blackledge, Charles Cox, Waldo Dearing, M. L. Dodson, William Frisbie, Terry Feeney, John Hensley, Horst Heilmann, Travis Hensley, John Hill, David Johnson, Thomas Kidd, Douglas Koger, Henry Maggio, Ezra Morgan, John Springer, Robert Wade, Fred Wagner, M. J. Wolfe, Jr. and Robert Wyatt. Enjoy the dance but

THE JET SET

Financial assistance is needed by the Bay-Waveland Junior Auxiliary who are now planning now and better projects for the communities' children. To raise funds for operations the Auxiliary will conduct a raffle -- An exciting Trip for Two -- by jet -- All expenses paid -- to Mexico City. There the lucky winners will stay for five days at the Del Prado Hotel -- they'll enjoy sight-seeing tours, visit the University City, see a bullfight and the famous Folklore Ballet. Raffle tickets will sell for one dollar each. Winner will be announced on Saturday night, May 2, at an informal dance.

MUSIC BY MARTINAIRRES

Tickets for the dance are

Boy Scouts See L.S.U. Center

Twenty-one Boy Scouts from Troop 208 sponsored by American Legion, Post 139, went to Louisiana State University, Baton Rouge, Saturday in conjunction with work on their Geological Merit Badges.

The day's activities included lectures on science and tours of the Geological Center.

Accompanying the group were leaders Vernon Johns, Warren Bushler, Al Votter and Charles Schmitt Sr.

Stork Shower

Mrs. John Edward Nealeco was honored Sunday evening with a baby shower hosted by Miss Gene Scatfield and Miss Joann Scatfield at the former's home on Hickory Lane.

A pink and blue color scheme was used in the decorations and the cake honoring the table. A corsage of miniature baby garments was presented to the honoree.

STOP THE MUSIC

Learn whether you are the winner of that fabulous trip to Mexico. Every participant is assured a reward! What could be more rewarding than the sure knowledge that you've had a part in supporting causes of needy children in your own community?

A SALUTE TO OFFICERS

Four From Area In April Call

Col. James L. Davis, Director for the Mississippi Selective Service System, announced that the Department of Defense has called for the induction of 10,000 men in April. This call is 238 men, of which four will be from Hancock County.

"The April call, said the Director, will be filled from registrants with random sequence numbers of one through 118. Containing: Colonel Davis said.

"It is the express desire of the Department of Defense that Selective Service make every effort in the program of physical examinations and inductions to fill the call with low random sequence numbers. In ordering registrants for physical examination, beginning with the month of April local boards were requested to continue orders to all Class I-A, I-A-0 and I-0 registrants with random sequence numbers one through 218; also all deferred and exempted registrants with random sequence numbers one through 218 in all

4-H Clubs In Mississippi

Part of the many activities of the Hancock County Extension Office are the 4-H Club projects which are now under the supervision of Assistant County Agent William O. Goodwin, once a 4-H'er himself. Speaking of the 4-H organization Goodwin said:

"The 4-H Club organization is the youth phase of the Cooperative Extension Service. 4-H Clubs are in all 32 of the Mississippi Counties; 4-H is also throughout the entire United States and also in 70 foreign countries.

"The 4-H Club organization is the youth phase of the Cooperative Extension Service. 4-H Clubs are in all 32 of the Mississippi Counties; 4-H is also throughout the entire United States and also in 70 foreign countries.

4-H is open to any boy or girl between the ages of 9 and 19. Membership in the 4-H Club is free. However, each 4-H'er must enroll in one or more of the 35 projects which are available. Enrollment means that the member will complete the necessary work which must be done with the projects. Each member will learn how to judge, give demonstrations and contribute and also how to keep records about their work. Annual Awards Banquets are held for

those who do outstanding work.

Leadership of the Mississippi 4-H Clubs is dependent upon 5,000 volunteer adult leaders. Any person can be a leader. These leaders work with the local clubs and receive training from the County Extension staff, who are assisted by the State Staff at Mississippi State University.

My husband, Earl is recovering from injuries received last Tuesday on Highway 60 and the Kilo Road. A bulk transport truck returning from Gulfport going to New Orleans, braked to make the red light, and hit the Pontiac Earl was in, twice, completely demolishing the car. Mr. and Mrs. Charles Smith of Bogalusa, owners of the Pontiac were also critically injured. Mr. Smith was in surgery for over 4 hours. He was on the drivers side where the truck hit the hardest. Thanks to the quick thinking of all concerned, the ambulance was there in minutes and doctors Lovorn and Magpie, of Bay St. Louis, and doctor Bureau of Pass Christian, gave the injured their immediate attention.

Miss Clara Korporeon was one of seven young ladies who graduated from St. Joseph's Academy fifty years ago in trying to locate one of her fellow graduates to invite her to the 50th anniversary get together. This young lady's maiden name was Katie Schobell, the only boarding student at the school at the time. Before Camille struck Miss Schobell (Miss Clara does not know her married name) was reportedly living in the Clomont Harbor-Labochere area. If anyone knows this lady and where she can be reached, now, please call Miss Korporeon at 467-6208.

Twice in one week a patient from Hancock County was taken to another hospital for treatment via the helicopter ambulance service. Last Wednesday 8 mo. old Angela Normand, daughter of Mr. and Mrs. Emmett Normand of Waveland was taken to Howard Memorial in Biloxi where her doctor, Dr. Max A. Curry a Podiatrist was awaiting her. On Monday, Albert Robinson 39, was flown from Hancock General to Laurel in critical condition. This newly formed helicopter service is based in Hattiesburg for the use of the people of South Mississippi.

Welcome to Mr. Howard Bonday of Pierriant, Mo. who has moved here, and will work on highway projects for the next few years.

Mrs. Irma Garcia is ill in Hancock General and this week-end her son and daughter-in-law Mr. and Mrs. Sidney Garcia of Jacksonville, Florida visited her.

Mrs. Rudolph Ladoro is confined to her home on Lower Bay Road after being discharged from the hospital. This coming Saturday March 28th there will be a meeting

of Hancock General County Strippers at 10:30 a.m. all are urged to attend.

Get well wishes go out to Mrs. Ada Edal of Waveland, Alden Garcia, Jr. of Clomont Harbor, Mrs. Clarence Fricks and Mrs. Jessie Bernard of Bay St. Louis, Mr. Legie Kacaloe of Kila and Mrs. Agnes Ladoro. All have been ill, and patients in Hancock General.

Mr. and Mrs. John Rogn formerly of Hilerock Avenue, have released their temporary housing trailer, and are comfortably settled in their new home at 700 - 5th St. in Waveland. Of all the personal belongings the Rogns lost August 16th, they miss their large family bible which had records of all the important happenings for the past 40 years they have been married.

Bridge Winners

Winners of games played by Bay-Waveland Bridge Club members Monday night were Mr. and Mrs. R.F. Mesayer Jr., Mrs. and Mrs. Mildred Moore and Mrs. Kathy Pierce and Mrs. Kathy O'Brien and Mrs. T. J. Cascor, who tied for second place.

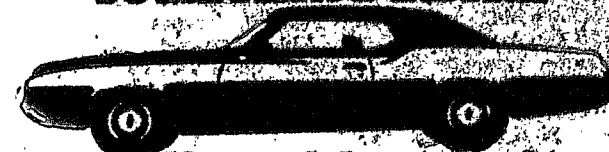

Games are played every Monday night at 7:00 at Rognan Inn.

Mrs. Peggy Oline and Mrs. children R. J. and Cathy have a beautiful new, 8 bedroom trailer, and are now living in Bayou Port.

Campaign. Will You Also Help?

Local merchants have recently distributed 40,000 young trees free of charge to help heal the scars left by the storm. Hancock Bank is distributing 25,000 packets of flower seeds in the program.

Hundreds of residents are planting many thousands of blooming plants purchased from stores and nurseries.

Other hundreds are engaged in a pick-up campaign to clean-up papers, food and drink containers, broken branches and the many other bits of debris that litter the landscape.

Spring is the time when nature lavishes all her glories on our beautiful Coast. With your help it can bloom again this Spring. Now is the time to begin your own "Clean-Up, Plant and Beautify" campaign. Will you help?

KANTCHA KETCHUM

By L.S. (Doc) CHILSON

Just another weekend of cold weather and rain. Some bass and perch were caught however by the hardest. Things look better from now on as the water in most streams are clearing and the current. Our information comes from those who have been catching them and those who are not.

John Scifido, Jr. and Alden Montroy caught the limit of bass last Wednesday. They were caught by casting with plugs, the Robol. They also used popping bugs.

Ray Garner caught some nice bass in the dreams around Ansley. Ray also catches them on surface bugs.

Others are still catching bass and perch on worms. Small crayfish and minnows. Still fishing is popular at this time of the year.

Gene Mitchell is a pretty busy man. He expects to get back to fishing soon.

Fred Inman a retired river pilot loves his fishing. He has done quite a bit of this sport in the Ozark Mountains where he said he caught bass weighing from 3 to 12 pounds and plenty of rainbow trout in White River and Bull Shoals. One is never too old to learn. Fred said that towing barges, etc., really means pushing them. We thought otherwise. He resides in Waveland and expects to get back to fishing in a big way.

James Adam likes to fish. Goes on every occasion. His father was Gus Adam of fishing fame.

C. G. Rowell with the Telephone Company is another ardent fisherman. Will make that trip soon, fellow. Rowell is a hunter also.

Pop Seuzenau finally took off that tie and went fishing with Sam Myers. Both agreed the fish would not cooperate. Better luck next time, Pop.

Gene Monti who works on the railroad bridge keeps us posted on what the fish are doing out that-a-way. Not too hot right now, said Gene.

The Lang, an old time commercial fisherman and boatman was giving us pointers on where and how to catch species. He ought to know. Been at it a long time.

Picked up. If your job is small and your records few, remember the mighty oak was a nut like you.

Bob and Gennie Stewart have as their guest John Sharp of Wichita Falls, Kansas. John fishes and plays golf. Should feel at home in this neck of the woods.

Sidney Godfrey was over from New Orleans visiting with friends and relatives over the weekend. Sid said he is still trying to catch fish.

Even with the bad weather over the weekend Norman Green got his share of mullets by the cast net method. We will see plenty of Norman when the weather squares away. He lives in New Orleans.

People are like frogs. One frog said to the other let's take another drink before we croak.

Gary and Loretta Wilson, new comers, enjoy salt water fishing. Won't be long before they will be hitting, follo, and you can fish to your heart's content.

The heavy rains of this week and will not back fresh water fishing for awhile. Don't take our stream long to clear up, folks.

Push your feet before you go fishing. Don't let the cow who thinks the grass is greener on the other side. It is a good way to lose a lot of valuable fishing time. If you can't move there to go out come on the grass.

Have been catching quite a bit of coe-a-lot or white perch lately. This is the time for getting them. They are a very popular game fish and have a good head water. They are school fish and are generally caught deeper than most fish. The average weight is about 1 1/2 pounds but grows to around 2 1/2 to 3 lbs.

At Convention

The Second Annual Mississippi Catholic Convention, National Federation of Catholic Bishops, was held at the Hildeberg Hotel, Jackson, March 27-29.

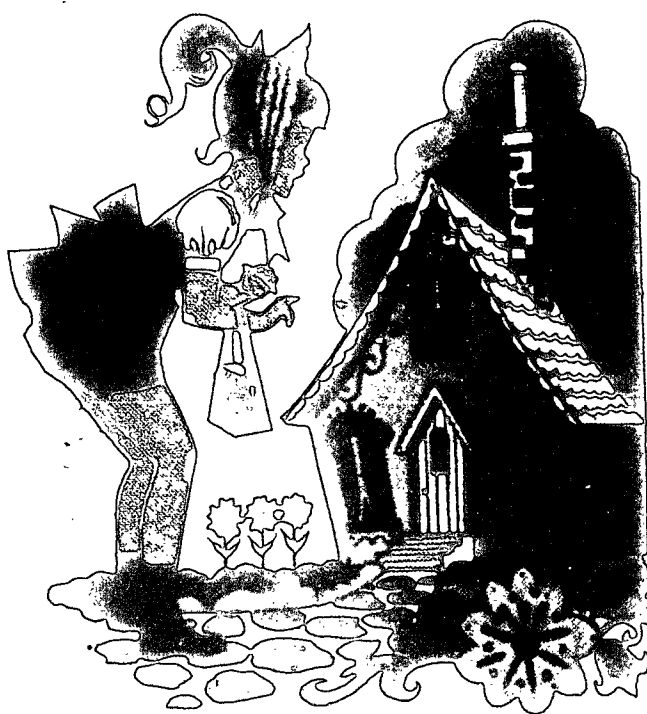

Arriving from St. Clare's Parish were Sister Mary Ruth, Principal of St. Clare's School, who represented the Education Committee; Rev. William Kennedy, Episcopal Committee; Mrs. Edna Shippey, Lay Representative and Education Committee; Mrs. Edward Canady, Communications Committee; Harry Davoli Jr. and John Leno Jr., representatives for the Parish Council; President of the Parish Council, and Mrs. Frank Quinn, a guest.

SPORTSMAN OF THE WEEK

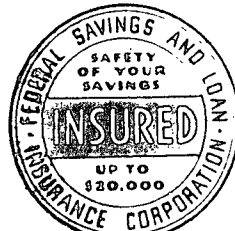

Another of our young fishermen is Pat Griffin. Pat enjoys any kind of fishing. He is serving a hitch in the army. Give me a fishing rod some water, and a good day. That's heaven, he said.
